

NOW OFFERING FILM + TV PRODUCTION GREENING

IN PARTNERSHIP WITH:

**CLIMATE
FUTURES**

LEAN ORB

SUSTAINABILITY STRATEGY + COMMUNICATIONS

- △ Assessing sustainability opportunities to create the highest impact for your production.
- △ Assisting with implementation in ways that make logistical sense for your team.
- △ Crafting both internal and external communications to promote your new program.

WASTE REDUCTION + RECYCLING

- △ Assessing waste reduction opportunities including reuse, recovery and recycling.
- △ Advising on best processes and products for reusables, disposables and recyclables.
- △ Working with your team and cleaning crews to properly recycle and prevent pollution.

CARBON FOOTPRINT MANAGEMENT + OFFSETTING

- △ Assessing the historic or planned carbon footprint.
- △ Suggesting mitigation measures to lower your carbon footprint.
- △ Offsetting the unavoidable carbon footprint for a climate-friendly production.

COMMUNITY ENGAGEMENT + EDUCATION

- △ Creating education campaigns to encourage your team and community's participation.
- △ Assessing opportunities for passive education within film script and scenes.
- △ Developing potential partnerships with non-profit organizations or corporate sponsors.
